NINETY-SEVEN YEARS OF  
Satisfactory Service

THE GREENING  
NURSERY COMPANY  
Monroe, Michigan

Born 1850 - - - - - Still Growing

Age - - - Stability - - - Progress

## "Born in 1850—Still Growing"

—is a slogan that is more than a "battle-cry" of business. It is a goal of attainment that involves constantly setting the stake ahead.

An old Persian Proverb says:

"My son, the priceless ingredient of every product in the market is the honorable integrity of him who make it—that quality stands for true worth. Consider well his name before you buy."

No line of human endeavor carries more of a trust of honor than does the nursery business—and knowing that trust—for ninety-seven years—Greening's Nurseries have been mixing into their products "that priceless ingredient." We have labored unceasingly to make the name **Greening** mean much in its application to Nursery Products. By close intimacy with the simple laws that govern an honest effort to serve as we would be served, we constantly strive to merit the continued patronage of our friends and customers.

Ninety-seven years is a long time in the span of American business life, and it is unusual for the ideals and pioneer sincerity of purpose to have been carried on for nearly a century, by one family.

You may purchase Greening Nursery Products with the full confidence that Greening's have long ago instituted knowledge for uncertainty, and that Greening Nursery Products are the result of years of knowing definitely what to do, and consistently doing it.

### TERMS OF SALE AND GUARANTEE

These prices cancel all previous listings and are subject to change without notice. All offers are made subject to supply. Prices are F.O.B. Monroe, Michigan.

**TERMS:** Cash on delivery of order unless other arrangements have been made.

### GUARANTEE

We guarantee our stock to be true to name and will replace without charge any which proves to be otherwise, it being understood that we will not be held responsible for a larger amount than the original cost of such stock.

We will replace without charge any stock purchased from us (EXCEPTING EVERGREENS) that fails to grow after it has been properly planted and cared for, and the terms of sale have been complied with, and providing we have been notified prior to August 1st following shipment.

**"SUPER SELECTED"** means Fruit Trees propagated from parent trees that are known from Actual Tree Performance Records to possess the most desirable characteristics of the variety.
